BESCHREIBUNG

"New paths are born from new perspectives."

AMBIENTS.
Let yourself be inspired by the new and spacious perspectives that our premises offer you! With high ceilings and large double doors in the typical Leipzig old building style, you will find yourself in a personal and harmonious atmosphere, which will optimally support you in your productivity, creativity, concentration and joy of work.
The premises are located in a side street close to the park and are therefore particularly quiet. Nevertheless, they are close to the city centre (approx. 15 minutes) and are easily accessible by car and tram.

AROUND THE ROOMS
For your meetings, workshops or seminars, our spacious meeting room, the bright winter garden and the green, sunny garden are at your disposal. Access to the interior rooms is possible via the main entrance as well as via a side entrance at the winter garden. This allows you to use the rooms independently of the other office rooms.
If you are planning a (more informal) event without seating, up to 50 guests can use the interior rooms.

/// Meeting room
Our meeting room can accommodate up to 16 people and offers a wide range of equipment, e.g. presentation TV, several pin boards and flip charts, moderation materials, action cards, games and much more. Depending on the desired setting, different seating arrangements are possible, e.g. conference, U-shape, circle of chairs.

/// Winter garden
The cosy, light-flooded sitting area offers space for group work, informal discussions or breaks with room for a pin board and flipchart. In another corner, a table with two chairs can be used for confidential one-on-one conversations.

/// Garden
In the garden you have a large open space at your disposal, for example for an activating part of your appointment, for outdoor group work or for a common end of the day. For a longer outdoor working atmosphere or your final dinner in the garden, you can add round bar tables, round sitting tables and/or an outdoor set with two tables and four benches. Up to 60 people can be seated here - we will be happy to advise you on your project!

/// Over the edge
For a change of perspective, in addition to our premises in Moschelesstraße, a work walk in the surrounding area will also help. In less than 5 minutes you can reach the Clara-Zetkin-Park with a view of the Elster flood bed or the Elster basin.

AROUND THE PHYSICAL WELL
For a productive working atmosphere, hunger and thirst must be satisfied. We offer you a wide range of options for this: We would be happy to book a lunch snack or catering in the meeting room or order a lunch for you in the nearby glasshouse in Clara-Zetkin-Park. But self-catering is also possible - for example, cooking together in our kitchen as a team event?
A variety of drinks are also available on request. Sustainability in terms of physical well-being is also important to us: we rely on our tested tap water, which we will bubble up for you on request.

WE'RE HAPPY TO SUPPORT THEM
With our secretarial service no wish remains unfulfilled. We can also support your meeting by...
... designing and planning your event with you,
... Accompanying your event,
... Document your event (photo documentation),
... to book further equipment for you, e.g. high tables, cable drums or microphones.

CORONA-EDITION
Even during the period of contact restrictions you can book our rooms without any worries. We fulfil the current hygiene regulations and implement them conscientiously: Starting with the number of persons, catering and thorough disinfection of all surfaces before and after your use. Please contact us!

We look forward to seeing you!
